PRODUCT OVERVIEW

Rechargeable Batteries

The monitor supports batteries of type NP-F550, NP-F750 and NP-F970.

NP-F battery series

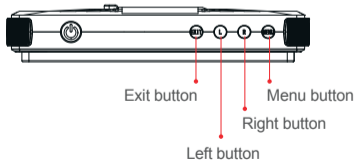

OPERATION

Menu

1. Press the menu button to enter the menu screen.
Press the left or right button to select a function.

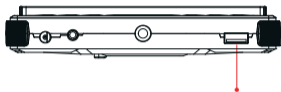

2. After exiting the menu, the exit, left and right buttons are shortcut buttons and can be configured.

OPERATION

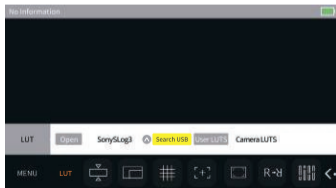

LUT Import

1. Plug the USB stick into monitors USB connection.

USB connection

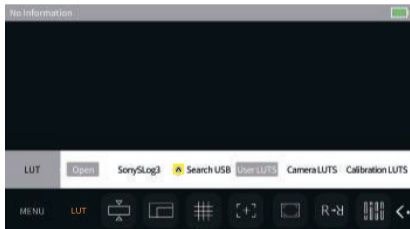

2. Select "LUT" on the monitor and press the menu button to select "SEARCH USB". Press the left/right buttons to expand the log file on the USB stick and press the menu button to load it. After loading, the ✓ icon of the log file will appear. After loading, press the exit button to exit the menu.

OPERATION

LUT Import

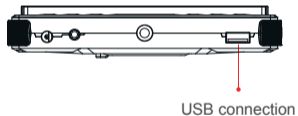

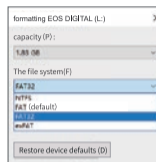

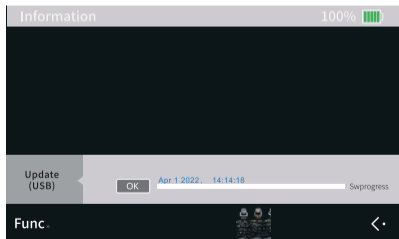

3. Select \wedge in the LUT settings, press the left/right buttons to confirm, open the list of loaded LOG files, and press the left/right buttons to select the desired LOG files for automatic loading.

OPERATION

Firmware Upgrade

1. Format the USB stick as "FAT32 format" with a computer.
2. Copy the downloaded upgrade file into the USB stick.
3. Insert the USB stick into the monitor's USB connection.
4. Bring up the shortcut key of multi-function adjustment, press the menu button to select software upgrade, and press the left/right buttons to select "OK".

Please note: Don't turn off the power or take out the USB stick during the period of the upgrade.

DISPOSAL AND CONFORMITY

Dispose of packaging: For disposal, separate packaging into different types. Cardboard and board must be disposed of as paper and foil must be recycled.

Disposal of old devices: Applicable in the European Union and other European countries with systems for the separate collection of reusable materials. Do not dispose old devices into the household waste! If the Desview P5II is no longer used, every consumer is legally obligated to dispose them separately from the household waste, for example, at a collection site of his community / city district. This ensures that devices are properly recycled and negative effects on the environment are avoided. Therefore electrical and electronic equipment needs to be marked with the shown symbol.

Conformity

The Rollei GmbH & Co. KG herewith declare, that this device "Desview P5II" complies with the following guidelines:

2011/65/EC RoHs Directive
2014/30/EU EMC Directive

The complete text of the EU Declaration of Conformity can be downloaded at the following Internet address: www.rollei.com/EGK/DesviewP5II

WARRANTY

Warranty

The statutory liability for defects exists.

The statutory warranty applies to the purchased product, except for consumables and wearing parts, which may also be worn out during the warranty period through proper use. The warranty period is two years from delivery of the goods.

You are obliged to examine the goods immediately and with due care for deviations in quality and quantity and to notify us of obvious defects within 7 days of receipt of the goods in text form (e.g. e-mail), timely dispatch is sufficient to meet the deadline. This shall also apply to hidden defects discovered at a later date. The assertion of warranty claims is excluded in the event of violation of the obligation to examine and give notice of defects.

If an error occurs and this is reported to us before the warranty expires, Rollei GmbH & Co. KG will, at its own discretion,

1. repair the fault free of charge using new or repaired spare parts;
2. replace the product with a product of at least equal performance, either new or made from new or refurbished parts;
3. refund the purchase price of the product.
