

Professional tripod with removable gimbal head

- ▶ Ideal for nature, animal and sports photography
- ▶ Ideally suited for astrophotography and digiscoping (spotting scope), birdwatching
- ▶ Suitable for telephoto lenses, even with extreme large focal distances
- ▶ Integrated levelling unit for a precise positioning
- ▶ Smooth camera movements and panning
- ▶ Detailed scales and panoramic function
- ▶ Safety mechanism on the tilt axis as well as for the quick release plate to prevent a sudden fall down of your camera
- ▶ Integrated spikes –especially designed to secure the tripod into the ground by having an angle of 90° to the soil which ensures more stability
- ▶ Jib arm and quick release plate (Arca-Swiss-compatible) are included

Technical Data Tripod
