

Quick to Set Up Softbox with Bowens S-Type Mount and a Diameter of 90 cm

- Particularly quick to set up due to the clamping mechanism
- Compatible with many LED permanent lights thanks to Bowens S-Type connector
- Silver inner coating for maximum light reflection
- Includes a diffuser for extra soft light and a grid for intense, more directional light
- 16 struts create an almost round shape
- Natural, round eye reflections for portraits
- Transportation bag included

Tripod and continuous light not included.
