and Replacement

Top Details

- ▶ Ergonomically designed camera strap for carrying two cameras, but can also be used as a single strap
- ▶ For the use of heavy cameras (up to 15 kg on each side)
- ▶ The wide shoulder pads balance the weight of the cameras perfectly on both shoulders. Additionally the chest strap fixes the harness on the upper body
- ▶ Lockable quick release fasteners prevent undesired slipping of the cameras and enable the quick disconnecting of the camera and the strap
- ▶ The two rubberized quick release plates are simultaneously Arca Swiss compatible tripod release plates (each loadable up to 18 kg)

Scope of delivery

Camera harness system, rubberized aluminum Arca Swiss compatible camera plates, safety straps and operating instructions
