

360° Light Cone for Optimal Light in Product Photography

- For smartphones: Perfect for use with smartphone cameras thanks to matching cutout at the tip
- Uniform exposure: 360° design for soft, diffused light from all sides, with both natural and artificial light sources
- No reflections: Prevents annoying reflections from shiny or reflective objects
- High-quality material: Heat resistant and durable
- Easy to use: Assembles quickly and easily with snaps for use and disassembles flat for storage

Technical Data

Compatibility	Smartphones
Material	Plastic
Height	Ca. 30.5 cm
Diameter cutout	Ca. 3.8 cm
Diameter base	Ca. 35.5 cm
Weight	140 g

What's in the Box and Packaging Details

What's in the box	Light Cone Smartphone
Packaging dimensions (L x W x H) Weight	67.5 x 39.5 x 2 cm 274 g
