

Ring light for cameras* or smartphones*

- ▶ Bright – with up to 2,900 lux (0.5 m) at 5500 K
- ▶ Adjustable color temperature – between 3,200 K and 5,500 K
- ▶ Great effects – 504 LEDs create a natural, ring-shaped reflex in the eye
- ▶ Excellent CRI of over 95% for true-to-color illumination of the subject
- ▶ Works with all common smartphones* and cameras*
- ▶ The free Android and IOS app „Rollei Lumen“ enables remote control of the ring light
- ▶ Full flexibility – thanks to the optionally available batteries*, the ring light can be used anywhere

Technical Data

Number of LED	504 (252 white light/252 warm light)
Power	65 W
Energy efficiency class (EU 2017/1369)	G
EU energy efficiency class spectrum (EU 2017/1369)	A – G
Illuminance	5,500K: 2,900 lx / 0.5 m 3,200K: 2,652 lx / 0.5 m
Color Rendering Index	(CRI) 95+
Color Temperature	3,200 – 5,500 K
Radio frequencies	2.400 GHz – 2.480 GHz
Bluetooth® ¹⁾	Version 4.0
Max. Transmission power	8 dBm
Battery Connection	2x Lithium Ion batteries Sony NP-F750/F970*
Diameters	Outside / Inside approx. 45 cm / 30 cm
Connections	DC Input 15V / 6A
Dimensions Weight	45 x 50 x 9 cm approx. 1,380 g
Box Content	LED ring light, power supply, smartphone holder with gooseneck, mini ball head, bag and manual

Note: Lux were measured at a distance of 0.5 meters.
