

ND Filter Set for long exposure times

- ▶ 3 neutral density filters in the intensity ND8, ND64 and ND1000 made out of Gorilla®* glass
 - To extend the exposure time for creating flowing and wiping motion
 - Combine the ND filters with each other to get an even longer exposure time or use them separately
 - Get rid of people or other moving objects on your photo
- ▶ Used with the Rollei Pro Square Filter Holder 150 mm
- ▶ Suitable for long time exposure, landscape, city, architecture photography and more

1. Gorilla®* glass

- ▶ Extremely robust and durable
- ▶ High translucency
- ▶ No optical distortion

2. Luminance Coating

- ▶ Highest colour fidelity
- ▶ Low reflections
- ▶ Scratch-resistant

3. Engineered & Quality Controlled In Germany

- ▶ Strict technical guidelines
- ▶ Individual quality control in Germany
- ▶ Special measuring procedure
