

Sensor Cleaning Set

- ▶ For full frame cameras
- ▶ For professional wet or dry cleaning of the camera sensor
- ▶ The sensor brushes are individually vacuum packed and dust-free.
- ▶ For wet cleaning, **no more than 1 drop** of sensor cleaning fluid may be used on the sensor brush. The sensor brush ensures uniform distribution of the cleaning fluid and thus enables cleaning without leaving smears.

Scope of delivery

12 sensor brushes (width 24 mm), sensor cleaning fluid (15 ml)

Subject to technical changes.
