

## How to connect the HS Freeze 6 App with Android Smartphones

- 1) Activate the Bluetooth® mode at the HS Freeze 6 transmitter. To do this, keep the „Synch“ button pressed until the Bluetooth® symbol appears in the display of the transmitter.
- 2) Open the Bluetooth® connection at your Android smartphone.
- 3) Select the „Rollei TTL“ device from the available connections.
- 4) Enter the password **000000** and confirm with „OK“.
- 5) Open the app for the HS Freeze 6 and select „Rollei TTL“ from the shown list of devices. Now you can work with the settings of the app.
