

Compact Tabletop Stand for Practical Attachment to the Edge of the Table

- Flexible adjustable table clamp allows quick, easy and secure attachment to any table edge with a height of up to 5 cm
- Height flexibly adjustable from 43.5 to 102 cm (with tripod head)
- Detachable tripod head with ¼-inch screw and 360° rotation angle allows flexible alignment of equipment
- Ideal for the compact studio or home office, e.g., for setting up lights, cameras, webcams or microphones
- Space-saving due to mounting on the edge of the table

Camera and LED light not included.
