

Cautions

Precautions and maintenance

- For indoor use only.
- To avoid risk of fire or electric shock, do not expose the unit to moisture or condensation.
- To avoid overheating, do not block the ventilation holes on the back of the Digital Photo Frame.
- Keep the Digital Photo Frame out of direct sunlight.
- Do not dismantle the Digital Photo Frame. There is a risk of electric shock and there are no user-serviceable parts inside. Dismantling the Digital Photo Frame will void your warranty.

Cleaning the LCD Screen

- Treat the screen carefully, because the screen of the Digital Photo Frame is made of glass and it would easily be broken or scratched.
- If fingerprints or dust accumulate on the LCD screen, we recommend using a soft, non-abrasive cloth such as a camera lens cloth to clean the LCD screen.
- Moisten the cleaning cloth with the cleaning solution and apply the cloth to the screen.

WARNING:

Please power off the unit before inserting or removing a card or USB device.

Failure to do so may cause damage to the card/USB and the unit.

To reduce the risk of fire or electric shock, do not expose this appliance to rain or moisture.

Introduction:

Thank you for your purchase of the Digital Photo Frame. It is designed to allow quick and easy view of photos taken from your digital camera, mobile phone, or from a memory storage card. Please read this User Manual carefully to learn the correct way to use the Digital Photo Frame.

Features:

11. Stand Instruction

Screw the bracket into the slot of the digital photo frame, rotate the bracket until it is locked in place. Please refer to the illustration shown below.

12. PC Connecting

If the unit has built-in memory and MINI USB, you can connect it to external equipment by using USB cable:

- A. Please turn on the digital photo frame, then connect it with your computer by using USB cable
- B. Then you need to restart the digital photo frame when you finished the copy/delete operation.

IMPORTANT: Never disconnect the USB cable while files are transferring. Doing so may damage your DPF.

13. Technical Specifications

- **Adapter:** Input: AC 100-240V 50/60HZ; Output: DC 12V /1.5A
- 15. **Picture Formats:** JPEG (Max. Resolution 8000x8000)
- **Audio Formats:** MP3, WMA
- **Video Formats:** MPEG1, MPEG2, MPEG4 (Divx4.0, Divx5.0, Xvid) and AVI ((Resolution 720x576, Bitrate 4 Mbps, AVI 16 Mbps)
- **Screen Parameter:**
 - Screen Size: 15 inch TFT
 - Resolution: 1024*768 Pixel
 - Aspect Ratio: 4:3
 - Brightness: 300cd/m²
 - Contrast: 500:1
 - Response Time: 20ms
 - Viewing Angle: 60°(left/right/vertical), 40°(horizontal)
 - Working Temperature: 0°~40°, Humidity: 10-85%

14. Troubleshooting Guide

If you are having problems with your player, please consult both this guide and manual. If you need further assistance, please contact Technical Support.

- **No power:**
Please check whether the plug is inserted correctly.
- **Remote control no function:**
Please check whether the battery has power (the battery can be used for half a year in normal conditions). Replace with new battery if necessary.
- **Can not read the CARD or USB:**
Please confirm whether there is storage in the card or USB device.
Empty devices cannot be read.
- **Can not play the file:**
Please confirm if the file format is compatible with the player.
- **Display too bright or too dark:**
Please adjust the brightness or contrast in the setup menu.
- **The color is light or no color:**
Please adjust the color and contrast setup.
- **No sound:**
Please check whether the volume is correct and the player is not in Mute mode.
