

Smart, Modern Power Socket with App Control

- App control: Simple and convenient control from anywhere using the free "Smart Life" app and voice commands with Amazon Alexa and Google Assistant
- Individually adjustable: Flexible setting of schedules and timers for automatic switching on and off of devices
- Power consumption measurement: Continuous measurement and documentation of power consumption to save energy and costs
- Easy Installation: Quick and easy setup
- Compact design: Small size and simple look integrates into any home

Technical Data

App	Smart Life
Compatibility	Amazon Alexa, Google Assistant
Network	802.11 b/g/n
Frequency band	2.4 GHz
Frequency range	2.400 - 2.483 GHz
Max. transmission power	11.85 dBm
Power supply	Input: 250.0 V max. ~ 50/60 Hz / 16.0 A max. Output: 230.0 V / 16.0 A / 3,680 W max.
Type of load	Resistive load
Circuit disconnection	Relay
Cut-off type	μ (micro-contact opening)
Proof Tracking Index (PTI)	175
Rated impulse withstand voltage	1 kV
Operating temperature	-5 – 35 °C
Operating humidity	≤ 85 %
Protection class	IP20
Material	Plastic
Dimensions (L x W x H) Weight	8.2 x 5.5 x 5.5 cm 90 g

What's in the Box and Packaging Details

What's in the box	Smart power socket, user manual
Packaging dimensions (L x W x H) Weight	9.3 x 6 x 6 cm 112 g
