

## Smart Temperature and Humidity Sensor with App Control

- Automatic measurement of temperature and humidity in the environment
- Communication via ZigBee®
- Control easily and conveniently from anywhere via the free "Smart Life" app
- Compatible with Rollei Smart Thermostat Starter Set and Rollei Smart Thermostat
- Quick and easy installation

### Technical Data

|                                 |   |
|---------------------------------|---|
| Communication                   | ZigBee®   |
| App                             | Smart Life  |
| Reach                           | Ca. 30 – 50 m (without walls, disturbances and interferences) |
| Max. device number per gateway  | 60  |
| Frequency band                  | 2.4 GHz   |
| Frequency range                 | 2.400 – 2.483 GHz   |
| Max. transmission power         | 10 dBm  |
| Power supply                    | 3.0 V (1x battery type CR2032)                                |
| Battery life                    | Ca. 3 – 6 months  |
| Measurement temperature         | -10 – 50 °C   |
| Measurement humidity            | 0 – 100 %   |
| Operation temperature           | -10 – 50 °C   |
| Operation humidity              | 0 – 95 %  |
| Protection class                | IP20  |
| Material                        | Plastic   |
| Dimensions (L x W x H)   Weight | 3.9 x 3.9 x 1.3 cm   10 g (without battery)                   |

### What's in the Box and Packaging Details

|   |  |
|---|--|
| What's in the box                         | Temperature and humidity sensor, battery type CR2032, manual |
| Packaging dimensions (L x W x H)   Weight | 6 x 6 x 1.7 cm   34 g  |
