

### ND Filter Set for long exposure times

- ▶ 3 neutral density filters in the intensity ND8, ND64 and ND1000 made out of Gorilla®\* glass
  - To extend the exposure time for creating flowing and wiping motion
  - Combine the ND filters with each other to get an even longer exposure time or use them separately
  - Get rid of people or other moving objects on your photo
- ▶ Ideal upgrade for the Rollei Starter Kit
- ▶ Used with the Rollei Pro Square Filter Holder (already part of the Starter Kit or available separately)
- ▶ Suitable for long time exposure, landscape, city, architecture photography and more

### 1. Gorilla®\* glass

- ▶ Extremely robust and durable
- ▶ High translucency
- ▶ No optical distortion

### 2. Luminance Coating

- ▶ Highest colour fidelity
- ▶ Low reflections
- ▶ Scratch-resistant

### 3. Engineered & Quality Controlled In Germany

- ▶ Strict technical guidelines
- ▶ Individual quality control in Germany
- ▶ Special measuring procedure
