

Rollei Travel Tripod Compact Traveler No.1 Carbon

- The ultra-lightweight carbon tripod with a total weight (incl. ball head) of only 980 g is especially designed for travel and cities photographers.
- The package includes spikes for stability on the ground, a 360° panoramic aluminium ball head with camera quick release plate (Arca Swiss compatible)
- To transport the tripod the legs can be folded by 180° which reduces the packed dimension to only 33 cm
- Fast assembly and disassembly thanks to the quick clamping screw.
- 360° rotating center column hook to attach additional weight.
- Tripod can also be used as a monopod.
- The tripod can carry a camera incl. lens up to a weight of 8 kg and reaches a height of 142 cm.

Camera / Smartphone etc. not included.
