

Professional tripod with high stability and loading capacity – for a safe stand of the camera

- ▶ Extremely high loading capacity (20 kg), made of 100 % carbon (11 layers)
- ▶ Integrated spikes – especially designed to secure the tripod into the ground by having an angle of 90° to the soil which ensures more stability
- ▶ Robust and powerful – at any location, even in the sand and saltwater!
- ▶ Foam on all tripod legs
- ▶ Mounting plate with 3/8 inch and 1/4 inch connection
- ▶ Tripod hook to attach a counter weight
- ▶ Incl. center column with a length of 28.5 cm
- ▶ Quick release leg locking system to adjust the leg length smoothly
- ▶ Leg angle with three locking positions
- ▶ Scale at the lowest leg section on all three legs
- ▶ Ideal for travel and nature photographers
