

Compact Video Digitizer With Convenient Operation

- Quickly and permanently digitizes and saves old, valuable video treasures from media such as VHS / S-VHS, Betamax, VHS-C, 8 mm / Hi8 / Digital or Mini DV
- Also records from game consoles (e.g., PlayStation 4, Xbox One, etc.) and TV receivers without HCP copy protection
- Stores recordings directly on the PC or on SD/SDHC memory cards with up to 128 GB
- Digitized recordings can be played back directly on TV via HDMI connection
- Large 3.5" color display for preview and playback of recordings
- Up to 2 hours of operation via integrated rechargeable battery
- Convenient device control via the large control buttons on the front panel or the supplied IR remote control
